Liffey Valley to City Centre Scheme

Construction Update – June 2026

What is happening?

Construction works for the **BusConnects Liffey Valley to City Centre Core Bus Corridor Scheme** commenced in May 2026 at Liffey Valley Shopping Centre and along Ballyfermot Road, with a further section to begin over the coming weeks **from R833 St. Laurence's Road to beyond Landen Road.**

Works will include general upgrades and the construction of a temporary access ramp at Longmeadows Pitch and Putt and Sons of Divine Providence, along with two retaining walls. To facilitate these works, the traffic island on Ballyfermot Road will be removed, and the carriageway will be temporarily narrowed.

When will works begin?

Works are expected to begin in **mid-June 2026** and are expected to continue until the end of Q4 2026.

How will access be maintained?

Access to homes and businesses will be maintained throughout the works. Where temporary changes to access are required, residents and businesses will be notified in advance.

Hours of operation

Working hours will be between **07:00 am and 23:00 pm**, **Monday to Friday**, and between **08:00 am to 16:30 pm on Saturdays.** Some activities may need to take place outside of these hours.

The project team will continue to update the public on ongoing works in the area as the project progresses, and notify residents and businesses in advance of any night-time works taking place.

Temporary Traffic Management Measures

Traffic management measures will be implemented to support the safe and efficient delivery of the works. The roadway and adjacent footpaths within the work zone must be kept clear of

parked vehicles **<u>at all times.</u>** These measures will be introduced on a phased basis and carefully planned to protect road users, pedestrians, and site personnel, while minimising disruption to traffic as much as possible. Please see examples below:

- **Temporary traffic management** will be in place on Ballyfermot Road. Footpaths and cycle lanes will be temporarily closed in short sections on one side of the road at a time to minimise disruption and maintain safe access.
- **Bus stop 2716 will be temporarily relocated** a short distance nearby, remaining within easy sight of its existing location.
- **Temporary road markings and signage will be in place** throughout the works.
- **Temporary traffic light switch-offs and Stop/Go systems** will be in operation as required.
